Join us at CIMH 2018

#cimh2018

The central theme of the conference is **suicide and self-harm prevention** with a focus on suicide prevention in low and middle income countries and ethnic minorities in high income countries and driving change.

This conference may be eligible for CPD credits, subject to your peer group approval and in line with the Royal College of Psychiatrists' and other disciplines' guidelines.

Limited places, book early to avoid disappointment

Keynote speaker -

Professor Murad Khan

Professor Murad Khan is a member of the Royal College of Psychiatrists and has a PhD in suicide epidemiology from the University of London. His research interests include epidemiology of suicide and deliberate self-harm, mental health of women and the elderly, psychosomatic medicine and organisational ethics. Professor Murad Khan has recently been elected as the president of the International Association for Suicide Prevention IASP.
